Old Building... New Name

The Old Education Building at 112th Street and 82 Avenue will henceforth be known as the "E. A. Corbett Hall."

The building is being named after the man who was Director of the University's Department of Extension from 1920 - 1936, Founder and Director of the Banff School of Fine Arts, Director of the Canadian Association for Adult Education for 15 years, President of the Canada Foundation, Governor of the Dominion Drama Festival, President of the Board of Directors of the Alberta Drama League, and President of the Philosophical Society at the University of Alberta. Dr. Corbett, who died a year ago, was the author of "McQueen of Edmonton," "Henry Marshall Tory - Beloved Canadian," "Blackfoot Trails," "Father, God Bless Him," and his memoirs called "We Have With Us Tonight." He was an endearing man upon whom the University bestowed the honorary doctor of laws degree in May, 1963.

E. A. Corbett Hall is the home of the University's Department of Extension, the Department of Drama and Studio Theatre, the School of Nursing, and the School of Rehabilitation Medicine.

Pharmacy - a 4 year program

The three-year program in Pharmacy is to be discontinued and, beginning in the fall of 1966, a new and compulsory four-year program will begin.

According to the Faculty's Dean, Dr. Mervyn J. Huston, this new program will bring Alberta in line with the seven other pharmacy colleges in Canada and with those in the United States, all of which require four years in a degree program.

Dean Huston cited two important reasons for a required extra year in the Pharmacy program. First, with the increasing complexity, specificity, and dangers involved with the introduction of new drugs today, a pharmacist's knowledge and background must be much broader and deeper to keep abreast of this new knowledge. The extra year provides more time to digest this knowledge. Secondly, the fourth year enables the student to undertake a certain degree of specialization. The three areas in which the student may specialize are: pharmacy administration, for those planning a career in wholesale and retail pharmacy; hospital pharmacy, a rapidly expanding area; and pharmaceutical sciences, for those going into graduate work or supervisory work in food and drug laboratories.

Students currently enrolled in the three-year program will be allowed to continue, although they may also change to the four-year program in September. The extra year allows students who have taken 1st year University at another campus in Alberta to transfer to Pharmacy at the Edmonton campus in the 2nd year. Ultimately, with this increased undergraduate training, the Faculty will be expanding its program of continuing education to enable the practising pharmacists in the Province of Alberta to keep up-to-date with new developments.

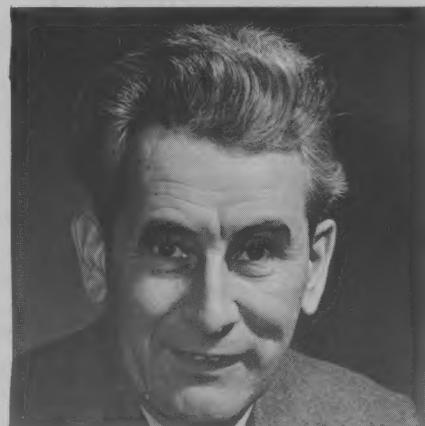

The Faculty enrolled 224 undergraduates and 16 graduate students this year. According to the Dean, because of the amount of graduate work going on within the Faculty, Pharmacy at Alberta has a pre-eminent position in Canada and the University is one of three in Canada to offer the PhD degree in Pharmacy.

769 degrees to be awarded Nov. 20

Seven hundred and sixty-nine University of Alberta students will receive undergraduate and graduate degrees at Fall Convocation on the Edmonton campus November 20. Of this number, almost half (370) will receive degrees in Education. Two hundred and six graduate degrees will be awarded including 43 PhD's, 73 M.Sc.'s, 54 M.A.'s, and 45 M.Ed.'s. The Faculty of Arts will confer 87 degrees, the Faculty of Science 47, while the remaining degrees will be conferred in Business Administration and Commerce, Dental Hygiene, Household Economics, Medical Laboratory Science, Pharmacy, Physical Education, Law, Agriculture, Engineering, and Nursing. About half the candidates are expected to be in attendance at the Jubilee Auditorium to receive their degrees.

Mr. Walter B. Herbert, Executive Director of the Canada Foundation, will deliver the Convocation address. Mr. Herbert, an Arts and Law graduate of the University of Alberta, is being awarded an honorary doctor of laws degree that day by his alma ma-

ter. Also receiving honorary degrees will be Miss Mabel Patrick, first Director of the School of Household Economics at the University of Alberta and Mr. Rudolph Henning, a pioneer Alberta educator and public servant.

Faculty

publications

"Alberta - A Natural History" is being released in the fall of 1966 as a Canadian Centennial Project sponsored by Northwestern Utilities Ltd., Canadian Western Natural Gas Co. Ltd., Canadian Utilities Ltd., and Northland Utilities Ltd.

Editor-in-Chief is DR. W. G. HARDY, Professor Emeritus and former Head of the Department of Classics. Nine of the 20 contributing Authors are from the University of Alberta. DR. C. R. STELCK (Geology) is writing the chapter on Geology and Palaeontology; MR. R. W. LONGLEY, (Geography) is author of the chapter on Climate; DR. A. H. LAYCOCK (Geography) is writing on the Physical Geography; DRs. W. A. FULLER (Zoology) and G. H. LaROI (Botany) are authors of the chapter on the Boreal Forest; DR. D. A. BOAG (Zoology) and DR. W. G. EVANS (Entomology) are two of four authors of the chapter dealing with Mountain Zone and Alpine Tundra; DR. L. L. KENNEDY (Botany) is one of four writing on Freshwater Habitat; and DR. A. L. BRYAN (Anthropology) is writing on Archaeology. In addition, DR. CYRIL HAMPSHON (Secondary Education) is photographic consultant for the book while faculty members representing co-operating natural history societies include MR. J. J. KLAWE (Geography) representing the Alberta Geographic Society; DR. R. E. FOLINSBEE (Geology) representing the Archaeological Society of Alberta; Dr. D. A. BOAG (Zoology) representing the Alberta Chapter of the Canadian Society of Wildlife and Fisheries Biologists and the Natural History Club; and DR. V. LEWIN (Zoology) representing the Edmonton Bird Club.

The 300-page volume will contain over 150 pages of colour and black and white photographs. It will be the only book of its kind published to date in the province.

"Enlightened Bureaucracy versus Enlightened Despotism in Baden, 1750 - 1792," is the title of a study by DR. HELEN LIEBEL, Assistant Professor of History, recently published by The American Philosophical Society. The book contributes to a re-interpretation of such widely used but vaguely defined concepts as "liberalism," "mercantilism," "enlightened despotism," and "rising Middle Class." It is a case study of the small German state of Baden from 1750 - 1792 and shows how free trade policies were adapted in order to encourage economic development. Since one of the key administrators studied, Johann Georg Schlosser, was the brother-in-law of Goethe, Germany's greatest poet, the book also includes new material on the history of the German literary renaissance.

elections and resignations

WALTER H. JOHNS

The University President, DR. WALTER H. JOHNS, has been elected Vice-President of the Association of Universities and Colleges of Canada. The A.U.C.C. came into existence this summer as a result of the merging of two national bodies, the C.U.F. (Canadian Universities Foundation) and the N.C.C.U.C. (National Conference of Canadian Universities and Colleges). Dr. Johns served for three years as a member of the Executive Committee of the N.C.C.U.C. followed by one year as a member of the Board of Directors of the C.U.F.

Dr. Johns succeeds Msgr. L. A. Vachon, Rector of Laval University, who was elected President. During his one-year term of office, which came into effect October 29, Dr. Johns will act as a deputy for the President and will serve as a member of the Board of Directors for the Association.

resignations

DR. W. C. MacKENZIE, Dean of the Faculty of Medicine, has been voted President-elect of the American College of Surgeons. He will be installed next year in San Francisco at the 52nd Clinical Congress of the American College of Surgeons. He will be the fifth Canadian to serve as President since the College was founded in 1913 by surgeons from the U.S. and Canada. Dr. MacKenzie is also currently President of the Royal College of Physicians and Surgeons of Canada.

DR. A. L. DULMAGE, Head of the Department of Mathematics, has announced he will resign June 30, 1966 to accept the post of Associate Dean of Arts and Science at the University of Manitoba. Dr. Dulmase taught at the University of Manitoba for eight years before he assumed his current post at the University of Alberta in July, 1964.

globe-trotters

DR. M. T. F. CARPENDALE, Director of the School of Rehabilitation Medicine, has been invited by the University of Minnesota Medical School to be Visiting Professor November 15 and 16. He will deliver lectures on "Recent Advances in Electroneurography" and "Bed Sores - Prevention and Management."

DR. GORDON K. HIRABAYASHI, Head of the Department of Sociology, has just returned from the United Nations where he was engaged in on-the-spot field work dealing with the changing role of the Non-G.K. HIRABAYASHI Government Organizations associated with the U.N. He was there as a "Visiting Friend" to the U.N. with the support of a University Research Committee grant.

During the week of November 29th, Dr. Hirabayashi will be a guest at Hamline University of St. Paul, Minnesota as Visiting Professor. His program for the week will include one public lecture entitled "The Violation of Law for the Sake of Principle," lectures and discussions with various student gatherings, and research consultations with faculty members engaged in studies on the Developing Areas.

PROF. T. A. PRESTON of Agricultural Engineering has received a University Travelling Grant to serve as the Canadian delegate to the Max Planck Institute 25th Anniversary meeting and the 15th Anniversary of the International Congress for the Organization of Scientific Management of Farm Work, an international body concerned with how to produce food. Both meetings are being held in Western Germany near Frankfurt during the last week of November. Professor Preston will serve as Chairman of one section of the Max Planck Institute sessions.

MR. BRUCE PEEL, Chief Librarian, is one of four Canadians on a Special Committee on Library Services for Medical Sciences in Canada, which is investigating the possibilities of establishing a national medical reference library for Canada. He is currently on a study trip to Washington, D.C. and the main medical library resource centres in Eastern Canada. He is also serving as Chairman in Ottawa of a Steering Committee set up to draft a working program which would give academic libraries guidance on the best means of building strong research collections to meet the demands being made on libraries by large enrolments and expanding graduate programs. The study will investigate the feasibility of automated research libraries with a trans-Canada hook-up for the speedy transmission of bibliographical information.

Notes

Printing appointment

A Superintendent of Printing Services has been appointed and will take up his duties beginning December 1. He is Mr. Claude Martin, a Czechoslovakian-born Canadian citizen who has lived for the last eight years in Venezuela and speaks five languages fluently. Mr. Martin graduated with a chemical engineering degree from the Chemical Faculty of Polytechnic-Bratislava. For three years following the Second World War he was a foreign news correspondent for the Czechoslovakian News Agency. Following the Communist takeover in Czechoslovakia, he spent two years in Paris before moving to Canada where he resided in Quebec City and was employed as a chemist for the Superline Tanning Co. Ltd. From 1957 until this summer when he returned to Canada with his wife and three children, Mr. Martin managed two different printing businesses in Venezuela.

When Mr. Martin assumes his duties as Superintendent of Printing Services, a new post on campus, he will assume general managerial control of the Print Shop and will co-ordinate all duplicating services on campus. Ultimately he will recommend the direction printing should take on campus. He will consider the possibility of setting up a University Press, although the material will not necessarily be printed on campus. He will implement a policy of decentralizing duplicating services on campus into a number of teaching buildings, assuming at the same time control over all. He will also assist in the planning of a new Print Shop to be located on 116th Street near 89th Avenue.

Board Executive Committee approves

At a meeting of the Executive Committee of the Board of Governors which met at Calgary November 4th, the following full-time and sessional appointments, resignations, leaves of absence etc. were approved.

APPOINTMENTS

a.) Full-time:

BACTERIOLOGY: F.L. Jackson, Professor and Head, effective July 1/66.
EDUCATIONAL ADMINISTRATION: W.D. Neal, Professor, effective July 1/66.

b.) Sessional or short-term:

ANAESTHESIA: Effective Sept. 1/65 as Sessional Instructors: R.D. Scragg; N. J. Solstice; R. T. Williams.
ANATOMY: C. Farrehi, Sessional Demonstrator, effective Sept. 1/65.
ART: As Sessional Instructors: L.D. Cantine, effective Oct. 1/65; (Mrs.) Margaret Tewnon, effective Sept. 15/65.
BUSINESS ADMIN & COMMERCE: As Sessional Instructors: E. B. Allan, effective Sept. 15/65; H. J. Bolton, effective Sept. 15/65; R. T. Fath, effective Sept. 1/65; R.D. Hepburn, effective Sept. 15/65; J.D. Marshall, effective Sept. 15/65; R. B. Marshall, effective Sept. 15/65; G. Martin, effective Sept. 15/65; G.

6 staff ph.d.s

Six members of staff will receive the PhD degree at Fall Convocation November 20th. JULIETTE SUTTON, English, who this past year was named Alberta Women's Athlete of the year, will receive the first PhD degree in English ever awarded by this University. Other faculty members successfully completing the requirements for the PhD degree are C.H. HAMPSON, Secondary Education, who will receive his degree in Zoology, J. W. G. IVANY, Elementary Education, H. W. ZINGLE and L. E. PASS, both of Educational Psychology, and FRANK STENGER, Computing Science.

Further afield, at the University of Michigan, D.G. FISHER of Chemical Engineering will receive the PhD degree at Fall Convocation there December 18.

SCHOOL LIBRARIANS' PROGRAM underway

The Department of Elementary Education has launched the first phase of a program in School Librarianship under the leadership of PROF. L.G. WIEDWICK. With the introduction of Ed. C.I. 446 - Selection and Organization of Library Materials, as a sequent course to Ed. C.I. 346 - School Library Services, students in the third and fourth years of the B.Ed. program may be credited towards a graduate diploma in School Librarianship, either at the secondary or the elementary school level.

Guild

GATHERINGS AGAIN

The Guild for Mediaeval and Renaissance Studies, an informal association devoted to the interdisciplinary exploration of art, music, language and literature, history, and science of these periods, will hold four meetings in 1965-66. On December 2, Dr. G. Hermannsen of the Cameron Library will speak on "How to Make a Cartulary: A Recipe"; on January 6, Dr. Q. Griffiths of History will speak on "Louis IX: the Son, the Father, and the Saint"; on February 3, Dr. Buck of Classics will speak on "Latins in the Morea"; and on March 3, Dr. J.N. Wickenden of History will speak on John Calvin.

Membership in the Guild is open to faculty members and their spouses, to graduate and undergraduate students, and to interested persons outside the University. Faculty members who teach courses in any way relating to the Middle ages or Renaissance are particularly urged to join the Guild, and by cajolery or compulsion to encourage their students to attend its meetings. Although the Guild does not collect dues or charge admission, all regulars are invited to contribute \$1.00 per year to cover expenses.

Meetings this year will be held at 8:00 p.m. in the Faculty Club. Coffee will be served during the meetings, and the Club's additional amenities will of course be available to Club members and their guests.

APPOINTMENTS

SOCIOLOGY: D. H. Berg, Sessional Instructor, (Part-time), effective Sept. 15, 1965.

ZOOLOGY: (Mrs.) Ruth Schachter, Sessional Lecturer, effective Oct. 1/65.

WITHOUT DEFINITE TERM
CHEMISTRY: Effective Sept. 1/65: W.A. G. Graham, Associate Professor; S. Masamune, Associate Professor; O.P. Strausz, Assistant Professor.

ROMANCE LANGUAGES: E. Marxheimer, Assistant Professor, effective Sept. 1, 1965.

ZOOLOGY: D.A. Boag, Assistant Professor, effective Sept. 1/65.

LEAVE OF ABSENCE
ART: B.R. Pragnell, Assistant Professor, Nov. 1/65 to Aug. 31/66.

EXTENSION OF LEAVE
BUSINESS ADMIN & COMMERCE: G. A. Feitham, Assistant Professor, Sept. 1, 1965 for one year.

RESIGNATIONS

DAIRY & FOOD SCIENCE: T.S. Rajan, Research Associate, effective Dec. 7/65.

MATHEMATICS: A.L. Dulmage, Professor and Head, effective June 30/66.

calendar of events, november 16th to 30th

Nov. 16 - Professor R. A. McCance of the Department of Experimental Medicine, University of Cambridge, will speak on "The Food They Painted," an account of the information that can be acquired about food in the 16th, 17th, and 18th centuries from paintings in that period, Room M 2022, Medical Sciences Building at 4 p.m. All interested faculty members welcome.

Quick suppers at the Faculty Club are available downstairs from 5:30 to 12 midnight every weekday night with prices ranging from \$.60 to \$1.50.

Nov. 17 - Dr. R. L. Rudd of the Department of Zoology at the University of California at Davis, a foremost authority on the effects of the widespread use of pesticides on wildlife, will give a talk at 8 p.m. in Math-Physics 126 on "The Effects of Pesticide Use on the Ecosystem."

Dr. P.C. Kock, an eminent plant physiologist who has done outstanding research on iron chlorosis and related plant nutritional problems at the Macaulay Institute for Soil Research in Aberdeen, will speak in Ag. 245 at 4:30 p.m. on "Interaction of Major and Minor Elements in Plants."

Nov. 18 - Dr. C. O. Carter, Director of the Clinical Genetics Research Unit of the Institute of Child Health, and Consultant Geneticist at the Hospital for Sick Children in London, England, will speak to interested staff and students on some aspect of human genetics, 4 p.m., Room M 4069 Medical Sciences Building.

The Humanities Association of Canada and the Philosophical Society of the University of Alberta present Professor S. D. Clark, Chairman of the Department of Sociology at the University of Toronto, who will speak on "Higher Education and the New Men of Power in Society," 8:15 p.m., Room 2104 Medical Sciences Building. Admission \$.50 for non-members or \$1.50 for season's ticket.

Nov. 19 - Dr. P. C. Kock of the Macaulay Institute for Soil Research in Aberdeen will speak at 5 p.m. in Ag. 245 on "Iron Chlorosis and Related Nutritional Problems."

Piano and Cello Recital by Professors Sandra Munn and Claude Kenesson, presented by the Women's Musical Club, Convocation Hall, 8:30 p.m. Admission \$2.00 or \$1.00 for students at the door.

T.G.I.F. Night at the Faculty Club, 4 - 6 p.m., followed by Pizza dinner at \$1.00 downstairs.

Hockey: University of Saskatchewan versus University of Alberta, 8 p.m., University Arena.

Nov. 20 - Official Opening of Household Economics Building, 10:30 a.m. by invitation, followed by open tours of the Building in the afternoon between noon and 2 p.m.

Fall Convocation, 2 p.m., Jubilee Auditorium.

Hockey: University of Saskatchewan versus University of Alberta, 2:30 p.m., University Arena.

Dinner Dance at the Faculty Club, dancing open to all members and guests from 9 - 12 p.m.

Nov. 22 - First of a series of U of A Chamber Orchestra concerts under the direction of Professor Tom Rolston, Convocation Hall, 8:15 p.m., free.

Nov. 23 - Dr. Bela Boszormenyi-Nagy, Liszt piano prize-winner and Professor of Music at Boston University School of Fine and Applied Arts, presents a public piano recital in Convocation Hall at 8:30 p.m. Tickets \$2.00, or \$1.00 for students at the Bay, the Music Department, or the Extension Department.

First Studio Theatre production of the season, "Cat on a Hot Tin Roof," by Tennessee Williams, nightly through to November 27th. Tickets available to patrons at \$5.00 per season (two tickets for each production) or at \$2.00 each at the door when extras are available. Students are admitted free on a first come, first served basis.

Nov. 25 - Professor Norman Cantor, Professor of History at Columbia University, will deliver a public lecture on "The Meaning of the Middle Ages," 8:15 p.m., Room 2104, Medical Sciences Building.

Nov. 26 - Capping Exercises for students in the School of Dental Hygiene will be held at 3:30 p.m. in the Lister Hall Banquet Room.

Dr. Christian Bay who will join the University staff next year as Head of the Department of Political Science, will give a public lecture entitled "Behavioral Research and the Theory of Democracy," Math-Physics V-114 at 4 p.m.

T.G.I.F. Night at the Faculty Club, 4 - 6 p.m., followed by special dinner of barbecued ribs of beef with onion rings and garlic bread, \$1.25 downstairs.

Hockey: University of Manitoba versus University of Alberta, 8 p.m., University Arena.

Nov. 27 - Hockey: University of Manitoba versus University of Alberta, 2:30 p.m., University Arena.

Dinner Dance at the Faculty Club, dancing open to all members and guests from 9 - 12 p.m.

FINE ARTS GALLERY DISPLAYS: During November from 7 - 9 p.m. Monday through Friday, the Gallery will be showing two exhibits - (1) an exhibition entitled "The Nude Figure," consisting of facsimiles of Italian drawings by such Italian renaissance artists as Bellini, Raphael, Michelangelo, and Leonardo da Vinci, and (2) a group sculpture show from B.C., consisting of works by accomplished wood and stone carvers, potters, and metal sculptors. The Gallery is located at 9021 - 112 Street.
